

## VIRQUAL Webinar 02 – May 18<sup>th</sup> 2011

### **LEARNING OUTCOMES AND ASSESSMENT**

#### Programme

**Organization:** Ana Dias (Tecminho, PT), and Barbara Class (University of Geneva, CH)

**Moderator:** Gottfried S. Csanyi (TU Wien, AT)

**Invited Expert:** Karine Tremblay (OECD / AHELO)

Time (CET)	Activity	Description
10:30-11:00	Reception of participants and informal warm-up (Ana Dias)	Welcome to participants and introduction to the room facilities, using the “participants guide”. Informal presentation of moderator and speaker. <b>This is not to be recorded.</b>
11:00-11:05	Opening by the Moderator (Gottfried S. Csanyi)	Welcome to participants and introduction of the topic and the invited expert
11:05-11:25	Presentation by the Invited Expert (Karine Tremblay)	The invited expert is expected to address the following topics: <b>role and importance of well defined</b> or even standardized <b>intended learning outcomes</b> for <ul style="list-style-type: none"><li>- high quality assessment</li><li>- quality development in HE and CE</li><li>- transparency of HE and CE programmes</li><li>- improvement of (virtual) mobility.</li></ul> And (if feasible) the potential contribution of a tool like <a href="http://www.learning-outcomes.net">www.learning-outcomes.net</a> to these goals.
11:25-11:50	Discussion	Participants are invited to submit questions to the invited expert. The moderator will allow 15 minutes for that. Afterwards, participants are invited to discuss the specific issues of student learning outcomes assessment and its role in VM.
11:50-12:00	Conclusions by Moderator	Summary of the discussion and main conclusions or recommendations. Farewell to participants and invitation to participate in the (web-based) VIRQUAL Course on “How to use the ILO repository” and other forthcoming activities.
