NETWORK FOR INTEGRATING VIRTUAL MOBILITY AND EUROPEAN QUALIFICATION FRAMEWORK IN HE AND CE INSTITUTIONS

This project has been funded with support from the European Commission. This publication reflects the views only of the author, and the Commission cannot be held responsible for any use which may be made of the information contained therein.

Objectives

The network proposes to **help educational and training institutions to achieve Virtual Mobility and to guarantee EQF implementation through e-learning**, aiming at finding specific obstacles in institutions and proposing concrete and innovative solutions. It will promote cooperation and joint work among partner organizations and will link with related initiatives. It will address other educational networks to help the dissemination of the results.

- a) To define, exemplify and promote discussion about **using e-learning as a scenario to foster national and international collaboration of Higher Education and Continuing Education organizations to achieve virtual mobility implementation**.
- b) To critically assess and exchange results, ideas and innovation about **European, national and local policies and initiatives in the area of Virtual Mobility, aiming at identifying obstacles and facilitators for collaboration**.
- c) To cooperate in the elaboration and **implementation of concrete Virtual Mobility scenarios, by establishing partnerships among the network institutions**, and providing solutions and specific tools for different processes and stakeholders involved in the process.
- d) To elaborate, implement, make available and disseminate tools to analyse, support, manage at Institutional level, contributing **to improve the Virtual Mobility in Europe while trying to implement EQF requirements**.
